Eight Municipal Management Texts

The most practical and complete accumulation
of municipal administrative problems and
solutions ever prepared

These up-to-date books, written by men of broad management experience, treat municipal affairs from the standpoint of the administrator. They stress the best administrative practices and techniques, and specify the procedures to be used in attacking and solving municipal problems. These texts are widely used by administrators for reference purposes and for in-service training of municipal personnel, and by colleges for the pre-entry training of public administration students.

- TECHNIQUE OF MUNICIPAL ADMINISTRATION, 603pp
- MUNICIPAL PUBLIC WORKS ADMINISTRATION, 458pp
- MUNICIPAL RECREATION ADMINISTRATION, 516pp
- MUNICIPAL PERSONNEL ADMINISTRATION, 435pp
- MUNICIPAL FINANCE ADMINISTRATION, 461pp
- MUNICIPAL POLICE ADMINISTRATION, 533pp
- MUNICIPAL FIRE ADMINISTRATION, 442pp
- LOCAL PLANNING ADMINISTRATION, 337pp

"My experience with the ICMA manuals in group training for municipal officials and in graduate courses at the University has demonstrated that the texts are authoritative, comprehensive, and stimulating. They train administrators and students how to think about municipal problems and how to solve them."—ARTHUR W. BROMAGE, Professor of Political Science, University of Michigan.

Here are a few of the many educational institutions that have adopted these texts:

Columbia University
University of Kansas
Syracuse University

University of Denver
University of Michigan
New York University

University of California
University of Pennsylvania
Wayne University
